

"A friend in need is a friend indeed." This is an old proverb, but as true as it is old. Here is just such a friend.

Never be without it. Keep it close at hand all the time.

### Ayer's Cherry Pectoral

It will prove a good friend when you have a fresh cold, bringing immediate relief. You will find it equally true in old colds, bronchitis, whooping-cough, asthma.

And you will declare it "the best friend in the world" if you will use it for an irritable throat or weak lungs. It acts as a strong tonic, clearing up the throat, giving tone to the relaxed tissues, and greatly strengthening the lungs.

There are many substitutes and imitations. Beware of them! Be sure you get Ayer's Cherry Pectoral.

Two sizes. Large and small bottles.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass., U.S.A.

For Sale by HILO DRUG COMPANY.

The only desirable means of reaching the Volcano. Connections at Mountain View with stages daily—morning trains going; afternoon trains returning. Fare from Hilo for the round trip \$5. This route is through Olua plantation, the largest in Hawaii, virgin forests of koa and wild ferns, and through many coffee farms.

The natural wonders of Puna make that district the most interesting spot in Hawaii. One can spend a most delightful day exploring the underground caves, swimming in the famous Hot Springs and resting on the cool shores of Green Lake.

Excursion tickets between all points are sold on Saturdays and Sundays, good returning, until the following Monday noon.

Commutation tickets, good for twenty-five rides between any two points, and thousand mile tickets are sold at very low rates.

Superintendent. G. F. & T. A.

## JAPAN OWN MARCUS ISLAND.

United States Will Guard Rights to Other Pacific Islands.

Washington, Aug. 10.—Captain A. A. Roschill has lost his fight for the ownership of Marcus Island. The State Department will this week issue a decision against Roschill and acknowledge Japan's claim. Although the State Department is desirous of conforming with every formality, the decision might have been rendered before Captain Roschill left Honolulu. Captain Roschill claims he discovered the island in 1889, but the law of the United States bearing upon the ownership and the working of guano islands provides that a claimant shall file a bond with the Secretary of the Treasury. When Captain Roschill filed his claim he did not file the bond, which was fixed at \$50,000. In fact, he did not file the bond until last year, and therefore his claim was not complete until that time.

The United States has determined to take action to prevent the encroachment of Japan upon its islands of the Pacific. The policy the administration has decided to pursue is based upon a report received by the War Department from the master of the transport Buford, who reported that when approaching Wake Island, midway between Hawaii and Guam, on June 23 he found it inhabited by a party of Japanese. This he considered decidedly surprising in view of the fact that the island is an American possession.

The Japanese explained that they had been left on the island by a Yokohama schooner and that they were engaged in fishing. The navy official suggested that this statement was intended to deceive and that the men were really pearl hunters.

The attention of Acting Secretary of the Navy Darling was directed to the communication of the master of the Buford. Darling deemed the matter of importance and at once brought it to the attention of the State Department, with the suggestion that representations be made to Japan with a view of obtaining from her capitulation of her procedure. Darling will issue instructions to the Adams to visit Wake Island and other islands of the Pacific which are claimed by this Government for the purpose of asserting American sovereignty and ejecting all persons who are illegally there. The Adams will be commissioned next week under the command of Commander Chas. E. Fox.

The vessel will proceed first to Hawaii, touching at every island, large or small, of that group. She will also visit the Midway Islands.

Officials of the Japanese legation do not believe their Government has countenanced any action on the part of its subjects infringing upon American sovereignty in the Pacific. Japan is anxious to maintain the most cordial relations with the United States.

### Sugar Planters Combine.

New York, Aug. 9.—A special to the Sun from New Orleans says: F. M. Morrill, representing the New York and Philadelphia interests which have recently amalgamated the various street railroads, gas and electric light companies of New Orleans into the corporation, with a capital of \$80,000,000, has undertaken, at the request of some of the largest sugar planters in Louisiana, a combination of all the sugar interests of the State.

Morrill said: "I do not see how the planters fail to combine their interests in the near future. There is little use in attempting to dodge the prospect of Cuban reciprocity, and when Cuban sugar is admitted into this country on anything like an equal basis with Louisiana sugar, the planters of this State will find combination their only method of salvation."

Paris, Aug. 13.—An official telegram from Cape Haytien says that very many persons were incinerated during the burning of Petit Goave on Sunday last. The telegram adds that the blockade of Cape Haytien by the Firminist gunboat Crete-a-Pierrot has not been recognized by the American Government.

## RECIPROITY TO FRONT.

Front May Call Senate in November.

Wilmington, Aug. 12.—Advices recd here indicate that President Roosevelt will call the Senate extraordinary session early in September. Ever since it became a fact that nothing would be accomplished as to reciprocity with Cuba at the recent session of Congress rumors of a more or less definite nature have been in circulation that the President would call an extra session either of the entire Congress to enact Cuban reciprocity legislation, or of the Senate to ratify, if possible, a reciprocal treaty with Cuba.

During the past week it has been stated that it was the purpose of President Roosevelt to call a special session of the Senate early in September. It can be stated on authority that he has no such intention. His time and that of his members of both political parties will be occupied during September and October. It is understood to be the belief of the President that a session of the Senate called for the purpose of ratifying a reciprocity treaty with Cuba would be much more likely to be fruitful of results if held after the November elections than if held before. It is assumed that the question of the relations of the United States with Cuba will enter largely into the approaching campaign, and it is stated that the President feels the Democrats will be less likely to offer serious opposition to a reciprocity treaty after the election than they would before that time.

A treaty with Cuba practically has been prepared. It requires only the finishing touches and the signatures of Minister Quesada and Secretary of State Hay to make it ready for presentation to the Senate. No definite date, it is understood, has been fixed upon for the meeting of the Senate in November, but that it will be soon after the elections is reasonably certain. The President, it is said, hopes to have the reciprocity question cleared up entirely before the regular session of Congress.

CHOLERA INFANTUM should be guarded against, and prevented by treating the child at the first unusual looseness of the bowels. Mothers can not be too careful about this, especially in hot weather. They should have medicine ready for such an emergency. No better remedy is prepared than Chamberlain's Colic, Cholera and Diarrhoea Remedy. Every household should have a bottle at hand. Get it today. It may save a life. The Hilo Drug Store sells it.
